1 Introduction

1.1 What it is MEUPS?

MEUPS is an acronym for the Medicaid Enterprise User Provisioning System. It's a single sign-on system that allows users to access multiple applications via a single user name and password. What that means to Kentucky Medicaid Providers is that you can manage your own account, and others' access to it. You won't see the word MEUPS on your screen, but you may hear someone refer to your MEUPS account. It's the same thing as your KyHealth Choices account.

1.2 How do I use this system?

When you log in, you'll see the KyHealth Choices Home Page, and any applications available to you will appear on your menu, including Account Management, Authorization Request, KyHealth Net and EMAX.

Link	Functions for All Users	Functions for Provider Admin Only	Functions for Billing Agents Only
Account Management	Allows you to manage your personal information, change your security question/answer and reset your password.	Allows you to view agents with access to your account and add an agent to your account.	None.
KyHealth Net	Allows user to submit claims, PA requests, check eligibility, etc.	Functions are limited to those that are applicable to the Provider type.	Functions are limited to those authorized by the Provider Administrators.
EMAX	None	Functions are limited to those that are applicable to the Provider type.	Functions are limited to those authorized by the Provider Administrators.

1.3 What is a Provider Administrator?

A Provider Administrator has control of a Provider's account, and can grant access to Billing Agents. A PIN is required to set up a Provider Administrator account, and only one Provider Administrator account can exist for each Kentucky Medicaid provider number.

1.4 What is a Billing Agent?

A Billing Agent is an account-holder who works on behalf of a Provider, but isn't the Provider Administrator. In other words, the Billing Agent may submit claims on behalf of the Provider, but only as long as the Provider Administrator has granted access to the Billing Agent. A single Billing Agent may work on behalf of multiple providers. An individual may obtain a Billing Agent account to access claims submission, eligibility, etc. by contacting their Provider Administrator who can create their account and grant proper access.

1.5 What is a PIN Number?

Each Kentucky Medicaid Provider has been issued a Personal Identification Number which can be used to set up an account. This PIN is the key that “unlocks” the account initially. Instructions for obtaining the PIN are in the next section of this document. Creating a New Provider User Account for KYHealthnet

The user creating the KYHealth Net account should be the office manager or someone deemed responsible for accessing provider information. A PIN number is required to create a user account. The Electronic Data Interchange (EDI) Helpdesk will assign a PIN number to each KY Medicaid provider ID.

1.5.1 How to obtain a PIN number:

1. Go to the KY Medicaid Website www.kymmis.com.
2. Click on Electronic Claims.
3. Click on EDI Forms
4. Click on PIN Release Form.
5. Complete the attached PIN Release form and return to the EDI Helpdesk along with a copy of a valid driver's license via e-mail or fax. Include your phone number and e-mail address and someone will contact you with your PIN and website information.
 - a. Fax your PIN Release form to: 502-209-3242 or 502-209-3200.

Welcome to the Kentucky Medicaid Website. The Kentucky Department of Medicaid Services secure website is intended for providers, clerks, and billing agents.

Provider

- [Claim Inquiry](#)
- [Submit Professional Claim](#)
- [Submit Institutional Claim](#)
- [Eligibility Verification](#)
- [Provider Status](#)

Non-activity for 40 minutes or longer will result in a time-out for this system. You will be required to log back in.

Would you like to start receiving paper PA Letters also?

NOTE: The drop-down only appears if the user is an agent for multiple providers; otherwise, the agent will see only one provider's NPI/taxonomy in the box.

4 Functionality

Provider Administrators have access to all applicable functions on KyHealth Net. Billing Agents and Agents have access to only those functions granted them by the Provider Administrator. A Billing Agent or Agent may only perform the functions granted them by a given Provider Administrator, while logged in under that provider's account.

For example, if an Agent works on behalf of Dr. Smith and Dr. Jones, but the Agent doesn't have claim submission access for Dr. Jones, the claim submission function will not appear unless the Agent has selected Dr. Smith's NPI/Taxonomy from the drop-down when logging in.

KyHealth Net offers the following functions:

Menu Selection	Functions
Member	Check eligibility, card issuance, spend down, patient liability, pharmacy history and enroll a Member in Presumptive Eligibility (PE providers only).
Claims	Check claim status, submit claims, adjust paid claims or void paid claims.
Prior Authorization (PA)	Access PA information; download a PA letter or lookup a PA number.
Provider References	Check coverage on a procedure code, lookup commercial insurance carrier information and access other references on the DMS website.
RA Viewer	View and/or download your Remittance Advice.

The hyperlinks on the Home Page also offer quick access to commonly used functions.
